The Gift of Sight!!

In today's Gospel Jesus gives the gift of sight to a blind man. But since we are not blind, we might think that the Gospel story has no relevance for us. It is precisely because we can see that it has relevance for us. *The question is: how well do we see?*

The blind man saw more than the religious leaders, in the sense that he had more faith in Jesus than they had. The Pharisees had perfect eyesight, yet they had no faith in Jesus. To see well, good eyesight alone is not sufficient, as we also 'see' with the mind, the heart and the imagination. A narrow mind, a small heart, an impoverished imagination — all of these lead to loss of vision, darken our lives, and shrink our world.

It has been said that the greatest tragedy is not to be born blind, but to have eyes and yet fail to see. But there is an even worse situation: to have eyes and refuse to see. The latter was the situation with the Pharisees.

The most important eyes of all are the eyes of faith, for faith helps us to find our way through the chaos, confusion and darkness of the modern world. The gospel story is essentially a faith story.....the story of a man who came to faith in Jesus. The climax of the story is where the man makes a profession of faith: "Lord, I believe".
