

CREATING A SACRED SPACE IN YOUR HOME.

WHERE IS A GOOD PLACE FOR THE SACRED SPACE?

Ideally, a sacred space is in a common area but with less foot-traffic so that everyone feels welcome and can pray without a lot of distraction. A corner in the dining room or a secondary living room would be ideal.

WHAT IF OUR SPACE IS SMALL?

If you do not have a large area for your sacred space that's OK. It is not essential to have a table in your sacred space. A small placemat that can be rolled up and stored away when not in use will work for holding the Bible, crucifix and candle. A basket or plastic bin can be used to hold your sacred items. The important thing is that your family has a designated area where these items can be placed when in use.

If little children will be using the space ...

then it should be closer to the ground. They can participate in the creation of the space by cutting out sacred art from the previous year's calendar or Christmas cards. They can also make homemade rosaries. Small children enjoy hanging the art on the wall, placing the Bible, crucifix and candle on a small table and placing pillows on the floor. Once the sacred space is set up, the family can bless it with Holy water with the following prayer:

"Heavenly Father, we ask you to Bless our sacred space. We ask for an outpouring of the Holy Spirit on this space and on our family. Help us to grow closer to you and to each other. In the name of the Father, and the Son and the Holy Spirit. Amen."

SOME SUGGESTIONS

Read the Bible. Light the candle when reading the Bible and explain that the Bible is the Word of God and it is so sacred that we light a candle while reading it.

Use a small crucifix and let each family member hold the crucifix and say a prayer. Silent prayers held in your heart is fine. When the family member is finished praying, pass the crucifix.

Choose a prayer card and use that as a closing prayer.

If your family isn't used to praying an entire Rosary, then start with one Our Father and One Hail Mary. Work your way up to an entire Rosary. Be patient with very small children and let them wander around, look through a board book or colour. For children aged 4 and older, let them lead the Hail Mary by starting the prayer while the rest of the family joins in.

Have family members put prayer intentions in a basket. Include personal prayers, prayers for other members of the family, extended family, the Church community, our country, etc.... Every day each family member pulls a prayer from the basket and keeps that intention in their prayers.

Keep prayer journals in the sacred space for family members to use privately. Little children should be encouraged to draw pictures in their journal.

Let each family member Bless themselves with Holy Water

Use a declaration when lighting and extinguishing the candle. For example:

- * Jesus is the light of the world which no darkness will ever over come
- * Our prayers go up to Heaven (when extinguishing the candle)
- * Let little children snuff the candle if you have a candle snuffer
- * Jesus is our Saviour and he loves us.

WHAT DOES A SACRED SPACE LOOK LIKE?

A Sacred space should be distinctly different from the rest of the house. It is a place to enter into prayer and should look different from your normal living space. However, different does not need to mean expensive. The sacred space is typically a table-top set with religious items like:

- ◆ Catholic Bible (picture Bible or board book for very little kids)
- ◆ Crucifix (small one to pass around for very little kids)
- ◆ Prayer Cards
- ◆ Sacred art (cutouts from previous year's calendar/Christmas Cards)
- ◆ Prayer journals for each family member (remember these are private)
- ◆ Rosaries
- ◆ Candles
- ◆ Statue of Mary or other saints
- ◆ Holy Water
- ◆ Intercessory Prayer Basket
- ◆ Pillows for sitting on the floor
